

INSPIRATION

Leadership is fundamentally about humanity. It is about morality. Your primary job as a leader is to see what is good for your organization and what is good for the people who work for you, and to create something for the well being of your fellow citizens.

-Franco Bernabè

Reflect on this quote. Share it with others and talk about what it means. If you were to agree with it, internalize it, and demonstrate this kind of leadership, what might you do? If you do not agree with it, write down what you believe about leadership and share those ideas with others.
